

**FIREMEN'S ASSOCIATION
OF THE STATE OF NEW YORK**

107 WASHINGTON AVE.
ALBANY, NEW YORK 12210-2269

Handling Propane Emergencies

FASNY will partner with the National Propane Gas Association and Propane Education and Research Council to conduct five eight-hour courses.

These courses will involve both classroom and hands-on training activities. Participation will assist registrants in developing the knowledge and skills necessary to safely and effectively operate at fixed site or transportation emergencies involving propane.

This is a "need-to-know" course for Training Officers, Safety Officers and anyone in the department that would be responsible for handling a propane emergency.

- All participants are required to provide OSHA-approved full turnout gear — helmet with eye protection, gloves, hood and boots. Every participant must have SCBA, and a spare tank is recommended.
- Three-hour OSHA credit will be awarded.
- Registration will be limited.
- **PRE-REGISTRATION IS STRONGLY RECOMMENDED!** "At the door" registration will NOT be guaranteed.

**Fill out application on back
and mail in TODAY!**
